Material Safety Data Sheet

Shadow Shield Material Safety Data Sheet according to REACH Regulation (EC) No. 1907/2006
Product: Proskin Restore
Version: 1.00
Revision date: 11/04/2011
Issue date: 22/04/2011

Section 1: IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Identification of the substance or preparation: Proskin Restore
Use of the substance/preparation: Spray coating glass film
Company/undertaking identification: Shadow Shield
Address: 6225 - 10th Street SE, Calgary, AB. T2H 2Z9
Telephone: +403.250.8468
Email: info@shadowshield.ca
Emergency telephone: +403.250.8468

Section 2: HAZARD IDENTIFICATION

This product is not classified as dangerous under the Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 and the Dangerous Preparations Directive (1999/45/EC).

Section 3: COMPOSITION/INFORMATION ON INGREDIENTS

Substances classified as dangerous according to Directive 67/548/EEC, if present (individually, or in combination) in concentrations exceeding those defined under 1907/2006.

Material Safety Data Sheet

Shadow Shield Material Safety Data Sheet according to REACH Regulation (EC) No. 1907/2006
Product: Proskin Restore
Revision date: 11/04/2011
Version: 1.00
Issue date: 22/04/2011

Section 4: FIRST AID MEASURES

Inhalation: If patient feels unwell, remove from exposure and keep warm and at rest. If symptoms persist, seek medical attention.

Contact with skin: Wash the affected area thoroughly with soap and water

Contact with eyes: Immediately irrigate with eyewash solution or clean water. If irritation persists/develops, seek medical advice.

Ingestion: Wash out mouth and dilute ingested chemicals with plenty of milk or water. Seek medical advice as a precautionary measure.

First aid facilities: Eyewash and normal washroom facilities.

Advice to doctor: Treat symptomatically.

Section 5: FIRE FIGHTING MEASURES

*****This product is not flammable*****

Extinguishing media: Water, foam, carbon dioxide, dry powder or water fog.

Hazardous decomposition products: None noted.

Special fire fighting measures: There is no specific risk resulting from toxic fumes derived from this product. However, it is advisable that fire-fighters wear self-contained positive pressure breathing apparatus and full, chemical proof, turnout gear.

Section 6: ACCIDENTAL RELEASE MEASURES

Personal precautions: Suitable personal protection should be worn whilst dealing with spillage/accidental release. Refer to section 8 for further details.

Environmental precautions: Wash spillage area with water to dilute. Do not discharge into natural waters without pre-treatment at a water waste/sewage/biological processing plant.

Methods for cleaning up: Small spills (<5L) May be washed down the drain with water
Large spills (>5L) Should be contained with absorbent material and disposed of professionally.
Material Safety Data Sheet

Shadow Shield Material Safety Data Sheet according to REACH Regulation (EC) No. 1907/2006
Product: Proskin Restore
Version: 1.00
Revision date: 11/04/2011
Issue date : 22/04/2011

Section 7: HANDLING AND STORAGE

Handling : No protection is required, however, as with all chemical products, eye and skin protection are advisable if repeated exposure or splashing may occur. At all times, observe good hygiene and working practices i.e. wash hands prior to eating, drinking, smoking or using toilet facilities.

Storage : Store in original, closed containers, in a cool (20°C), dry and well ventilated area. Avoid sharp edges and other potential sources of puncture. Ensure product is stacked safely.

Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational exposure limits : No occupational exposure limits listed (EH40 – UK Health and Safety Executive) for hazardous components listed in section 3.

Hand/Eye/Skin Protection : Protection is not required for normal use. Hand, eye and skin protection should be worn if repeated exposure or splashing may occur. In case of spillage, rubber boots and PVC suit should be worn.

Respiratory Protection : Not normally required due to low volatility.

Section 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance : Pale white emulsion
Odour : Faint
Freezing Point : ~0 °C (aqueous liquid)
Boiling point : ~100 °C (same as water)
Flash point : ~120 °C
pH : 5.8-6.8 @ 20 °C (pH Neutral)
Relative density : 0.99 g/ml @ 20 °C
Solubility : Soluble in water in all proportions
Viscosity : 1.5cSt

Section 10: STABILITY AND REACTIVITY

Stability : Stable under normal conditions.

Materials to avoid : Strong oxidising agents.

Conditions to avoid : Excessive heat and cold. Direct sunlight.
Hazardous reaction products : None noted
Section 11: TOXICOLOGICAL INFORMATION

Acute toxicity: 1,2,4-Trimethylbenzene LD50: 5,000 ml / kg - Oral Rat
1,2,4-Trimethylbenzene LD50: 1,800 ml/m3 - Inhalation Rat: 4 hours

Inhalation: Low risk – not volatile.
Prolonged exposure may cause symptoms such as sneezing and coughing.

Skin: Low risk.
Prolonged contact may cause dryness to sensitive skin.

Eye: Low risk.
May cause irritation if not rinse out of eyes.

Ingestion: Low risk.
May cause stomach discomfort and nausea.

Section 12: ECOLOGICAL INFORMATION

Ecotoxicity: None of the ingredients listed as hazardous components listed in section 3 present an appreciable risk to the environment.

Persistence and degradability: Easy to eliminate.
Biological degradability > 90%

Bioaccumulative potential: Does not bioaccumulate.

Other adverse effects: None

Section 13: DISPOSAL CONSIDERATIONS

Dispose of according to relevant government regulations. Empty containers should be rinsed with water prior to disposal or recycling. If necessary, quantities greater than 5 Litres/Kilograms should be treated by a professional disposal company.
Section 14: TRANSPORT INFORMATION

Section 15: REGULATORY INFORMATION

Hazard symbol(s) : None
R-phrase(s) : None
S-phrase(s) : S25
Avoid contact with eyes

Guiding information:
This product is classified, labelled and packaged according to the Chemicals (Hazard Information and Packaging for Supply) Regulations (United Kingdom) 2009 and to the Approved Classification and labelling Guide (Sixth Edition). Additional reference has also been made to EC Directive 67/548/EEC (Dangerous Substances Directive) and conformity with EC Directive 1999/45/EC (Dangerous Preparations Directive) has been checked.

The surfactant(s) contained in this preparation complies(comply) with the biodegradability criteria as laid down in Regulation (EC) No.648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the Member States and will be made available to them, at their direct request or at the request of a detergent manufacturer.

The information within this data sheet has been collated from EC regulation 790/2009 (amended 1272/2008), the CESIO recommendations for Anionic and Non-ionic surfactants (2006), the EH40/2005 Workplace Exposure limits, the Detergent Ingredients Database (DID-list, maintained by Ecolabelling Norway on behalf of the European Commission), CESIO recommendations for the classification and labelling of surfactants as “Dangerous for the Environment”, REACH Registered Substances Database IUCLID5) and from ingredient safety data sheets.

The data should be considered when making any assessment under the Control of Substance Hazardous to Health (COSHH) Regulations.
Section 16: OTHER INFORMATION

Full text of R-phrases, if mentioned as hazardous components in section 3.
R10   Flammable
R20   Harmful by inhalation
R36/37  Irritating to eyes and respiratory system.

PLEASE NOTE: the above risk phrases refer to the full strength ingredients, NOT to the Proskin Restore product.
